

NSAMRT has had a very busy fall and there are a few items we would like to update members on;

1. NSAMRT is now on **Facebook**. We encourage those with Facebook accounts to follow the NSAMRT page as a way to stay up to date with MRT related events.
2. NSAMRT is in the process of **voting for new Board members** we have 5 candidates running for 2 positions. You will get a weekly email reminder with a link to view the profiles and to enter your vote. Once you vote you will no longer receive any further emails reminding you to vote.
3. A very successful **Atlantic Conference** was held April 6th. Those that attended in person or via webinar will be receiving the slide deck for some of the presentations in late April. In some cases copyright prevents us from sharing the presentations.
4. **Call for Volunteers!** We need your talent and insight! The NSAMRT is an organization that is strongly supported through dedicated volunteership. Currently we are seeking volunteers in multiple areas and would love to match new or returning volunteers with engaging opportunities. We are glad to support volunteers who want to give back to the MRT community, hone their leadership qualities, learn new skills and strengthen their CV. Please contact corymcneil@nsamrt.ca to discuss potential volunteer opportunities.
5. The Executive Director and a member of the Board will be doing **site visits** in the month of May. Please drop by and bring any questions/suggestions or concerns you want to discuss. Managers have been sent poster of dates and times for site visits. For those sites that are not scheduled for live visits there is the option to join a meeting electronically. The full schedule can be accessed through the provided [link](#). Sonographers are welcomed and encouraged to attend any of these meetings.
6. It is hoped that NSAMRT will have draft versions of our new **strategic plan**, our **standards of practice** and our **code of ethics** to share with the membership prior to our site visits. Documents will have instructions on how to share written feedback, we also welcome any feedback you wish to share during our site visits.
7. Our **AGM** will be held on May 24th @ 530pm at the Halifax Regional Library. The [annual report](#) is located on the NSAMRT website. We will be setting up the option to join in electronically and vote electronically. Watch the NSAMRT website for a link.
8. We have selected a new **registration platform** and are in the process of onboarding. This is expected to be completed in July or August giving NSAMRT and members a chance to interact with the platform prior to renewal season next fall.
9. Planning for fall education and volunteer development is under way. Please reach out and let us know if there is a topic you would like education on at info@nsamrt.ca.
