

Celebrating MRTs

NSAMRT would like to honour the work of some amazing MRTs. Do you know a MRT with any of the following attributes?

- someone who always goes the extra mile for their patients (Distinction in Patient Care Award)
- someone that is a young leader (Young Professional Award)
- an individual that has demonstrated engagement in advancing the profession (Professional Progress Award)
- gives to their community and profession (Jan Musseleman Award of Excellence)

Please nominate them for one of four annual awards presented by NSAMRT. Nomination deadline has been extended until **May 20th 2018**. Follow the [link](#) to the NSAMRT website for more details on each award and the nomination form.

Bursary

There is also one President's Conference Bursary of \$500 still available. This bursary can be used towards the costs (i.e. travel, hotel registration, food etc...) of any conference you plan on attending in 2018 related to your professional work. All the MRTs registered for the PEI conference, for example, should consider applying. Follow the [link](#) to the NSAMRT website for details on how to apply. Deadline has been extended to **March 16th 2018**.
