

Registration and Education Reminder

Free Educational Opportunity is available to registrants on **Wed Oct 4th at 7- 8pm** at the Royal Bank Theatre at the Halifax Infirmary. Karen Stone, Executive Director, from the Alberta College of Medical Diagnostic and Therapeutic Technologists will be discussing governance considerations and if time allows continuing professional development. Please feel free to attend in person or by go-to-meeting via the provided link.

Governance Education

Access Code: 337-510-965

Registration for 2018 is opening today. Registration can be accessed through the following [link](#) or on our website under the [membership](#) tab. Dues will remain at same level with NSAMRT dues at \$450 and CAMRT dues at \$220 for a total cost of \$670. NSAMRT would like to remind registrants of the following items concerning 2018 registration process;

- You will need your NSAMRT # and CAMRT # for registration. These are located on your registration cards. You can also access your NSAMRT # through the provide link.
- You will also need the address of the site you work at. If you work at more than one site (i.e. VG and HI pick the principle site.)
- You will need the postal code of your previous employer if applicable. Only need this if you held a previous position as a MRT.
- In preparation for a new registration platform all registrants will have to answer the long form for registration. This will enable us to have the data in a form that is transferable to a new data base in 2018.
- Payroll deduction is only available to those individuals that are employed in a permanent full-time or permanent part-time position at one of the NSHA sites or with the IWK.
- If you want payroll deduction you must check the box requesting it.
- If you are not registered by Dec 31st you registration will lapse and when you apply to reinstate there will be an additional \$100 reinstatement fees to cover costs associated with tracking and addressing lapsed registrants.
- At the end of registration process an option to create password comes up, unfortunately we are unable to hide this but please **do not** do this.
- If the name in the registry does not match the current name you are using in practice please contact julieavery@nsamrt.ca to update your file.
- Please note your full first and last name are required for registration. Several individuals are registered only with their first initials please fill out your full name.
