

Executive Director and Executive Council Site Visits and AGM

Please come and join us for a conversation. A member of NSAMRT's executive council and the executive director will be visiting sites across the province in May 2017. We want to hear your thoughts and update members on what is happening in the association. Please drop in during your lunch/coffee break for a bite to eat and a quick chat. We look forward to seeing you. All MRTs and sonographers are invited. Dates and times for our visits are listed in the schedule. Smaller sites will be teleconferenced into one of the sessions below. NSAMRT would also like to remind members of our AGM and AGC being held in Yarmouth on June 2nd-3rd. Program information and an online registration link is available on the NSAMRT website at <http://nsamrt.ca/edops/index5.php>
